	INFORMAT	ION REPORT	CD NO.	
COUNTRY	USSR (Moscow Oblast)		DATE DISTR 25.	Feb. 1952
SUBJECT	Moscow/Bykovc Airfield		NO. OF PAGES	
	·		NO. OF ENCLS. 2	510
	14 ty \$44.1		SUPPLEMENT TO REPORT NO.	\3°
OF ITS CONTENTS !	ORTANIS INFORMATION AFFECTING THE HATIONAL DEFENSE ATTER WINGHT TO BEARING OF THE COTOMAGE ACT SO ACC ACT AND ACC ACT AND ACC ACT AND ACC ACT AND ACC ACC ACC ACC ACC ACC ACC ACC ACC AC	THIS IS UNEV	ALUATED INFORMATION	25
1. Th	ne sirfield is located east of rfield. In aircraft engine re	Panki near the Lyube	rtsy (55°lū• 11/37°52•	E)
2. Th	ne field. *  ne landing field had a firm gra  are not noticed. Aircraft disp  cld and an underground fuel du	ss cover serviceable	in all weather. Runn	ra; s
			ser in one aclonating t	,000s
cr	e aircraft en ine repair plant st stands, administration buil aft dispersal areas were on th	e edge of the landing	field. **	Air-
cr 4. The	ere was intensive flying with	twin-engine aircraft laded propeller.	op and a ruel cump. field. ** fitted with in-line c	Air-
ti.	aft dispersal creas were on the	twin-engine aircraft laded propeller, was	op and a ruel cump. field. ** fitted with in-line c	Air-
ticests	cre was intensive flying with acte rucder assembly and two-by cornent. See inner 1 for an exta probably refer to Tykor tuated near Moscow could be for Cornent. Probably a repair coratt. See Annex 2 for shetel	twin-engine aircraft laded propeller. *** sketch showing locati ** airfield. No local and on maps.	op and a ruel dump. field. **  fitted with in-line c  on of airfield. The lity with the name of	Air- ngines, loca- Panki
ticesing the same transfer the same transfer tra	cre was intensive flying with acte rucder assembly and two-bine for content. See inner 1 for content probably refer to Dykot tuated near loscow could be for Cornat.  Commant. Probably a repairment. See Annex 2 for shetcl Commant.	twin-engine aircraft laded propeller. *** sketch showing locati to airfield. No local and on maps.  If shep doing urgent in showing layout of re Soviet desgination is located aircraft.	op and a ruel dump. field. **  fitted with in-line c  on of airfield. The lity with the name of  repair work on the gor  epair shop. LI-2, fitted with radi	Air- ngines, loca- Panki
ticesing the single states of	ere was intensive flying with acte rucder assembly and two-bine Cornent. See inner 1 for con data probably refer to Dykon tuated mear Moscow could be for Cornent. Probably a repairment. See inner 2 for shetcl Comment. Probably a DC-3, inco.  Content. Probably a DC-3, inco.  Content. Legation Sketch of the Layout Shetch of the tayout Shetch of the tayout Shetch of the Corner inco.	twin-engine aircraft laded propeller. *** sketch showing locati to airfield. No local and on maps.  If shep doing urgent in showing layout of re Soviet desgination is located aircraft.	op and a ruel dump. field. **  fitted with in-line c  on of airfield. The lity with the name of  repair work on the gor  epair shop. LI-2, fitted with radi	Air- ngines, loca- Panki
ticesing the same transfer the same transfer tra	cre was intensive flying with agle rucder assembly and two-by make the content. See inner 1 for son data probably refer to Dykon tuated near Moscow could be for creat. See Annex 2 for shetch comment. Probably a possioner. Probably a Downines.  Inneres: Location Shetch of the Layout Shetch of the Layout Shetch of the the Penki tirfield (2)  Document No. No Change in Class.	twin-engine aircraft laded propeller. *** sketch showing locati to airfield. No local and on maps.  If shep doing urgent in showing layout of re Soviet desgination is located aircraft.	op and a ruel dump. field. **  fitted with in-line c  on of airfield. The lity with the name of  repair work on the gor  epair shop. LI-2, fitted with radi	Air- ngines, loca- Panki
ticesing the same transfer that the same transfer the same transfer transfer to the same transfer tran	cre was intensive flying with agle rucder assembly and two-be content. See inner 1 for son data probably refer to Dykon tuated near Moscow could be for Communit. Probably a repair coraft. See Annex 2 for shetch community. Probably a DC-3, ines.  Innexes: Location Shetch of the Layout Shetch of the Penki Mirfield (2)  Document No. DC   Document No. DC   No Change in Class.	twin-engine aircraft laded propeller. *** sketch showing locati to airfield. No local and on maps.  If shep doing urgent in showing layout of re Soviet desgination is located aircraft.	op and a ruel dump. field. **  fitted with in-line c  on of airfield.
